

## FORNAX DELTA SAFE

### THE FORNAX DELTA SAFE: COMPLETE AND SAFE!

The Fornax Delta Safe offers you a very complete radio remote control designed specially for forestry. With this forestry winch control you can operate not only the standard functions but also regulate the speed with the aid of a gas-driven motor. Naturally it also has a certified emergency stop button.

Just like every other Tyro winch control for forestry, the Fornax Delta Safe has a sturdy casing with practical tumblers. The electronics are additionally protected against damp and resin remover.

What is more, the RTT System (Random Transmission Technology) makes it possible to operate several radio remote controlled winches side by side at the same time trouble-free.

- Speed regulation
- Emergency stop button
- Compact, lots of freedom to move around
- Work without having to recharge regularly
- Clear 'battery nearly empty' indicator
- Range in the forest 100-200 metres
- Protected against resin remover
- Tyro RTT transmission technology - work side by side trouble-free
- Solid cast receiver (IP68)

## TECHNICAL SPECIFICATIONS

Function keys	Pulling + veering in and out cable (after 3 sec. flip/flop veering)+ hard emergency stop
Safety keys	On/off + active emergency call (horn or rotating beacon), gas + / - (only if a gas-driven motor is present)
Power source	1x 9V Battery
Battery life	Average life 1 year
Transmitter's aerial	Integrated
Temperature range	-30°C / +75°C
Range in the open field	Up to 700 metres
Range in forest	Up to 200 metres
Frequency	868 MHz
Resistant to water and dirt	IP 65
Size (L x W x H)	150 x 115 x 58 mm
Weight	476 grams
Various functions	Tyro RTT System (work side by side simultaneously)
ID safety code	Unique 24 bit (16,000,000 combinations)

## ACCESSORIES

Battery, 9V	Standard in transmitter
Belt 140 cm	Standard in transmitter
Rechargeable version	Optional
Corresponding receiver	Aquarius Forestry

Solid cast receiver (IP68), can be mounted directly on a forest winch.

Electronics protected against damp and cleaning products.

Tumblers easy to operate with gloves on.

## VERSATILITY MEETS RELIABILITY
